

## COVID-19 Enhanced Safety Protocols

We have always complied with strict OSHA-mandated protocols and practices to maintain the highest level of sanitation for the safety and comfort for our staff and clients. These new COVID-19 guidelines were created and intended to safeguard against the transmission of the influenza and the coronavirus.

- Employee Health Screening
- Patient Health Screening
- Office Social Distancing
- Common Area Sterilization
- Additional Personal Protective Equipment
- Treatment Area Protection

The safety of our clients and staff is our highest priority. The added safety standards are described below to clarify the need for client understanding and cooperation.

1. All staff and employees will be regularly screened for COVID-19 risk factors (travel/illness) and those at risk are required to self-quarantine for 14-days prior to returning to work.
2. All employees have their temperatures monitored daily.
3. All employees have been certified with additional INFECTION CONTROL & COVID TRANSMISSION PREVENTION TRAINING.
4. Clients will be asked to participate in a temperature screening.
5. To ensure client social distancing in the shop, appointments are being staggered to minimize unnecessary human contact.
6. Employees are also practicing social distancing by staying in our designated stations/areas while in the shop.
7. Common areas (waiting area/ restroom, door handles, etc.) are cleaned after each client/staff use.
8. Clients are asked to wash/sanitize their hands for 60 seconds prior to the service.
9. Clients are required to wear a face mask at all times while in the shop.
10. All work stations will be thoroughly disinfected along with the use of additional protective supplies.

We appreciate your cooperation and patience as we adhere to these strict safety protocols.
